KBPS Guiding Statements

OUR VISION

At KBPS, we recognize the imperative of imparting an educational experience that is world-class in every respect and which prepares children for global citizenship. We are a school with an Indian mind, an Indian heart and an Indian soul; a school that celebrates the culture of excellence and is an embodiment of values. We believe that a curriculum of excellence with a global dimension is central to the education of children to face the challenges of the 21st century with confidence and strength of character.

OUR MISSION

The school's mission is to produce a learning environment that encourages children to bring out the best in themselves and enables their all-round development through the joy of learning, enduring values and the celebration of diversity.

OUR MOTTO

Dare to Dream...Learn to Excel

OUR VALUES AND ATTRIBUTES

Our values and attributes, which align with our guiding statements, are integral to creating a school culture and climate to realize our educational goals.

- Cleanliness
- Determination
- Perseverance
- Self-Discipline
- Compassion
- Honesty
- Respect
- Teamwork

Baba-e-Qoum

This school is symbolic of the tireless efforts that went into the moulding of the institution which is now one of the leading city schools in Jammu. What puts us a class apart is that we have tried to de-commercialize education. Money making has so disgracefully been laced with the imparting of education that somewhere in this unholy process the meaning of education is getting asphyxiated. We have schools that cater to the haves and we have schools that cater to the needs of the haven't. If anything, such a condemnable practice is corrupting the very meaning and purposefulness of education. I am happy that we aren't just another school but a school with a purpose and a mission. To remove inequalities that pervade our society at social and economic levels is perhaps the biggest goal which our academicians have to chase in order to herald an era of progress and prosperity among all sections of the society. Unfortunately that is failing to come by with the desired momentum all because the high ideals of education are getting ruthlessly commercialized. From this particular angle, the contribution of this school, particularly to the students belonging to the weaker sections of the society, is commendable and noteworthy.

Dr. Masud A. Choudhary

***“Learning is not attained by chance,
it must be sought for with ardor and diligence.”***

Dear Parents

As the great Albert Einstein once said, “Education is not the learning of facts but the training of the mind to think”. As the earth continues to circle the sun, KBPS will continue to grow and develop with passion and inspiration, we believe that each and every child will be transformed into global leaders of tomorrow. To elevate the overall performance and achievement level of all educators and learners, we equip them with modern learning experiences and competencies so that we enable them to become critical thinkers, socially aware, and concerned citizens.

Individuality is of paramount importance in our school so both traditional and modern educational values are respected and encouraged to coexist. We believe that every learner is unique and special and they all have the ability to learn. We believe it is our responsibility as educators to nurture and develop every learner to prepare them for life.

At KBPS, the educational curriculum strives for excellence by preparing students for learning beyond their school years and enable them to attain his/her maximum potential, both academically and socially. Our infrastructure, experienced and efficient administration, rigorous scholastic programs from academic to dance, theatre, music, and a variety of sports are all aimed at grooming the holistic development of a child. With these qualities, our students will certainly imbibe the knowledge to help them to reach new heights of greatness with each academic year and become responsible global citizens.

Abdul Hamid Choudhary

Patron-in-Chief

“Learning at Institution is an invigorating journey that allows you to grow and progress for the future and there is no better place to do this than KBPS.”

In the last 27 years, we have been able to garner the support, trust and appreciation of all the stakeholders, thus making us one of the most reputed institutions. KBPS has become a strong institution name associated with excellence in contemporary teaching – learning models, innovation and service to the community.

Flexible academic model extends learning at KBPS far beyond the classroom and this vibrant and competitive environment has motivated us to nurture knowledgeable, inspired and industry ready professionals. KBPS has committed itself to upholding the values we cherish as an academic institution, and to fostering an atmosphere that is respectful, supportive, and welcoming to all.

Under the visionary leadership, KBPS has been strategically working to build the unmatched legacy that could be hard to beat. It has been consistently said that – ‘the quality of leadership greatly influences the individual's capacity’ and we at KBPS believes in giving a strong impetus to our students that can impart them with the competence to turn vision into reality. The diversity of our backgrounds, talents, and perspectives will continue to enrich us all as we live and learn together.

Shah Mohd Choudhary

Chairman

Every school is a micro climate of possibilities to inspire a generation of human beings to live in its entirety. When we only get one chance to prepare children for a world none of us can possibly predict, what are we going to do with that one chance?

The above clarity of thought and equally felt need was instrumental in the creation of a unique school culture and school programme at KBPS. KBPS unites the students, staff, and families with a clear sense of purpose to prepare students with university, career, and life readiness skills that are necessary to thrive in today's ever-changing, fast-paced world around us.

Our founder, Dr. Masud A Choudhary is an inspiration for delivering high quality and holistic education for students as part of his qualitative service to the society. The mountain of trust that he has earned through decades by transparent and honest support to communities made KBPS a 1300+ student school.

With a rich legacy of over twenty seven years, the school epitomizes vibrancy and dynamism. It aims to provide a holistic learning environment whereby the pupils develop the fine attributes of the head, heart and hand making them global citizens who are 'future ready'. Our philosophy at KBPS is to keep them deeply rooted to our Indian culture and heritage at the same time keep our pupils abreast with the latest trends and advances in the field of education. With well equipped infrastructure at their disposal, sky is the limit for them!

It is our endeavour to turn out fine gentlemen who will act as agents of peace, secularism, humanity and international brotherhood in the years to come.

May our desire to achieve excellence in all spheres make us surge ahead with renewed energy each academic year.

M S Chouhan

General Secretary

“Education is about awakening –Awakening to the power and beauty that lies within all of us.”

To my mind education as an idea, is not just about bricks ,mortar and concrete, but about building character, enriching minds and about varied experiences that last a lifetime.

It has been a glorious and proud journey for KBPS since its origin in 1995. This long journey has been full of adventure and enthusiasm. KBPS has come a long way over the decades and we have been working actively together in good team spirit. Over the years, our team has worked steadfastly which has enabled our students to reach their goals, and has nurtured them to become responsible global citizens.

KBPS provides modern infrastructure, newest technology and has emerged as a prestigious school. The school offers a blend of scholastic and co-scholastic opportunities to cater to different learners. Our well trained faculty makes the learning process an enriching experience keeping in sync with the advances made in the field of technology. We hope to continue grooming our pupils to upload rational thinking, creativity and compassion, with the goodwill of all our Patrons and the blessings of the God.

Mtr Nighat Sultana

Director

PRINCIPAL

KBPS's most valuable stakeholders are the students whom we support by providing a horizon of avenues, develop their inquisitive minds through careful mentoring, and help the students on their professional journey, through the virtue of a friend, philosopher and guide.

It is my pleasure to work alongside my team of dedicated teachers and faculty to ensure realization of the vision of our Founder Dr. Masud Choudhary quality education of global dimensions leading to man-making and nation-building'.

I am so glad that we all share a common vision, and a strong conviction and belief that every student can become someone significant with strength of character who can contribute to our community, and beyond. At every grade level, KBPS's expert teachers set accelerated goals for the entire class, while attending to each student's individual talents, interests, and challenges. This careful combination of high expectations and personal support inspires students to pursue achievement not simply to boost their grade-point averages, but for the satisfaction and self-assurance that well-earned success brings. Deepening existing passions while discovering previously unknown capabilities, KBPS students seek out complex challenges in and beyond the classroom. They find opportunities where others may see only obstacles. And a world of ever-greater possibility opens up to them.

This must be the strangest school year ever, but we are equal to the challenge! This crisis has been a trauma for all of us. We have all experienced, and will continue to experience, varying degrees of anxiety, and loss. As teachers reconnect with students, we want to assess their emotional wellness and support them individually and collectively; and we want to inspire them. Therefore, we are prioritizing the physical, emotional and educational health of our students and staff.

"Education is shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations."- Bob Beauprez. I also ask parents' support to initiate our children to basic life skills and chores at home. Lastly, and most importantly, our aim is to instil values in our children so that they grow up to be good human beings and responsible citizens. Together lets teach them the importance of values and attributes like kindness, honesty, generosity, humility, optimism, perseverance, tolerance and more.so that they create a beautiful world around them.

Together, we can make a difference!

Ms. Radhu Gupta

"We don't believe in teaching the children by force instead they are directed to what amuses their mind so that the genius in each child can be discovered."

- * Kids activity room
- * Audio-Visual room
- * Playfield & Tracks
- * Music room
- * Kitchen & botanical garden
- * Maulana Azad Memorial (MAM) hostel for girls
- * Clubs (Environment, Heritage, Sports, Art & Craft, Maths, Animation, Health & Wellness)

KBPS ACADEMIC PROGRAMME

·Pre-primary Programme

The pre-primary programme inculcates in children the qualities of curiosity, exploration and discovery in a fun-filled, safe and happy learning environment. An individualized approach helps nurture a love of learning, develop social skills, and instill moral values. The emphasis is on developing in students self-confidence in English as well as in their mother tongue; teachers ensure this through effective use of language and by encouraging children to express themselves freely.

The pre-primary programme makes use of range of individual and group activities which create a live and positive learning environment. Games, songs, creative projects, story-telling, role-playing, drawing and painting helps develop children's foundational skills in literacy and numeracy. They are encouraged to play, explore and discover through dance, music, art & craft. Singing, rhyming and reciting are employed in the Language Arts, and the Phonics programme. The use of manipulatives, pictures and symbols helps them identify relationships between sets and groups of things to be sorted, counted, shared and represented. Sports and interaction with sports teachers help in strengthening coordination and motor skills, and instill enthusiasm for sports.

·Primary School Programme

The primary school programme encourages inquiry and exploration, and develops childrens' competence in various skills-reading, writing, listening, speaking, problem-solving, observation, measurement and use of information and communication technology.

The wide range of curricular and co-curricular opportunities offered helps instill in children confidence and discipline. The focus on developing communication skills helps them appreciate the value of education, as it reflects in their ability to express themselves to developing pragmatic skills. Field trips, excursions, activities, projects and presentations provide experimental learning opportunities. Dance, Fine Arts, Western and Indian Music, Yoga, Speech and Drama promote well rounded development. Students are encouraged to participate in inter-house cultural and sports events. Active learning techniques like free play, dramatisation, puppetry, singing, dancing and cooking enhance their interests in learning. Book, newspaper and magazine reading activities increase childrens' awareness of the world. Assemblies, concerts and drama production help shape their confidence.

KBPS ACADEMIC PROGRAMME

Middle School Programme

The middle school programme is structured to meet children's varied intellectual and developmental needs. The main aims of the programme are developing skills to writing, reading, reflecting, critical-thinking, public speaking, fostering initiative among students and a desire to acquire knowledge. Academic subjects include English, Hindi/Urdu, Mathematics, Science, History, Civics, Geography. Art, Drama, Computer Science, Music, Yoga, Dance are integrated to the mainstream curriculum and are further strengthened as optional co-curricular activities.

High School Programme

At KBPS, the curriculum starts with an emphasis on learning basic facts and gradually moves to detailed understanding of concepts, through interpretation and evaluation as students' progress to higher classes. Projects and application of knowledge form an integral part and the development of analytical skills. The programme aims to empower children to contribute towards a humane, just and pluralistic society, and promote introspective living. School organizes inter-house cultural and sports events, thus developing leadership skills and team spirit.

REGISTRATION AND ADMISSION

Admission to KBPS, Jammu itself is a proud privilege not only for the child but also for the parents and for the school too. Admission in KPBS, Jammu is based strictly on merit. ” There can be no Keener revelation of a society’s soul than the way in which it treats its children”

-Nelson Mandela

Maulana Azad Memorial Girls Hostel

The School is equipped with fully furnished hostel for girls. The hostel is specially designed with two primary objectives of safety and comfort. It has round-the-clock security, with stringent security procedures and comfortable that our students enjoy living in. The hostel have state-of-the-art washrooms (toilet and bathing cells). Cleanliness is maintained by the staff on duty. Each hostel room provides an amiable atmosphere and pollution-free environment, conducive to the mental, physical and spiritual development of the students and helps them become self-reliant.

Hostel in the school is self-contained with amenities such as a reading room, an indoor games room and a dining hall with mess.

The deliberations of the Hostel are governed by the Hostel Committees which includes student representatives under the office. Working through this responsible body, the committee members lay down appropriate norms of behaviour to suit different situations and social occasions in the hostel including the norms for dining hall.
